

# BAY AREA MASHTRONAUTS

February 9, 2019 Members Business Meeting:

\*\*\* Attendance – 3 of 4 officers present. 2 club members present.

1. Meeting Agenda – Asking members in attendance what they would like for BAM in the future.
2. Classes – Adding a mini class to the beginning of each meeting apparently did not work in the past. Try adding a master class on (1) random day of the month maybe something that coincides with brew-ins.
3. Lunar Rendezbrew –
  - a. Reduce the price of admission to dues paying members that get their TABC certificate, volunteer for a shift, or help out with planning, set-up and breakdown.
  - b. Make sure we have a schedule for when kegs get tapped and also taste test the kegs before we tap them.
4. Brew-Ins – Try and do (4) per year. Ideas were January – Nuts & Bolts, April – Summer Beer, July – Fest and/or Marzen, and October – a “Big” beer. It would be nice if we could work the schedule to make them able to enter these beers into other competitions.
5. FARTS – Maybe add some new locations and make sure we are helping out the small business. Some that came up to add were Texas Beer Refinery, Rosewater, Hyde Park, Scotty’s on the Bay, and Davenport.
